

******We are building a waiting list at this time. Please give us a call and specify whether you would like a boy or a girl. Puppies are on spay or neuter contract unless otherwise specified. All puppies come with full AKC registration and health guarantee. Waiting lists fill up fast .**

Process for Purchasing a Welch's Jolly Westie Puppy

We require a phone call to get onto the waiting list or reserve a pup. When you call, we expect you to interview us and you should expect the same. We are not selling furniture here. These are live little beings who deserve a fantastic home with folks that will enjoy them for years to come. We will ask about your home, your lifestyle, your family...we expect you to ask questions too. Please do not be concerned with hurting our feelings. We want to know you're as serious about our pups as we are.

We do not accept deposits until after pups are whelped and evaluated. Once pups are born we will then go down our waiting list and a deposit is required to hold your pup. Deposits are non-refundable. After a deposit is received, you will then receive a contract for your pup. You must read and sign the contract and return it to us. Please read the contract entirely and initial at the highlighted marks. We will include a copy along with pre-printed AKC registration papers, along with a new puppy pack when you pick up your new pup. All money is due at pick up—no exceptions.

View sample contract [here](#).

We will do our best to help you in any way possible to choose the pup that is best for you. Please do not hesitate to ask for pics or video once pups are born. While we welcome visitors during most times, we cannot in good conscience allow visitors to our nursery until pups are at least 8 weeks old. If you would like to meet our Stud or Dam, please do so before puppies are born. While there is no evidence of human diseases harming new pups, it can be detrimental to a new litter. Our girls and their pups need their privacy. We will never compromise the needs of our girls or their pups. We appreciate your understanding in this matter.

We only take deposits on puppies after they are born and confirmed healthy, so as to ensure we have a puppy for you that is the gender of your preference. We know first hand how difficult it is to wait for a pup but unfortunately they do not grow on trees, and we opt for smaller, healthier litters over record-breaking massive litters. Our pups are worth the wait.

Keep in mind too, we are dedicated Westie breeders, and our dedication is not only to our pups but to our puppy parents as well. We will also be there after you bring your pup home. We will always be available to answer any questions, or help our puppy parents in any way we can. From the cradle to the grave, we will be a phone call or email away. Please don't hesitate to call.

Please be sure to keep to your pick up appointment. I will do everything possible to accommodate you however be considerate of others also picking up pups. Let me know if you are running late and I will reschedule you so that you and others can have the time needed to ask any questions before bringing your new pup home. Be sure to have your vet appointment scheduled prior to picking up your pup. I will make sure pick up days allow for a vet appointment within 72 hours. Failure to have your pup checked with a reputable vet within 72 hours voids the contract completely. Notify me immediately if your vet finds one of our pups to be anything less than perfect.

Also note that a part of the contract you sign states that the pup will never be re-homed without my express permission. We would rather you return the pup to us in the event you can not keep it. While we will not offer a refund for landlord disputes or simply changing your mind, we will not charge to rehome said pup either. In this case, it is of the utmost importance that we, the Breeders, do not fail this pup twice. Puppies returned to us after 6 months of age will be re-homed without cost to the new owners. If we incur a charge retrieving one of our pups from a shelter, or an owner, we will charge the new owner only that charge we incurred. If at all possible, older dogs returned to us will stay with us. We fully accept the responsibility of each and every pup whelped and we pledge to make certain they have the best homes possible where they'll be cared for and loved for years to come.
